

LEITER READY TO PAY FOR WHEAT.

This Means He Must Cash
In for Eight Million
Bushels.

ARMOUR ON THE OUTLOOK.

He is Bringing In All He Can to
Chicago Because It Is the
Highest Market.

Chicago, Dec. 16.—In an interview with Joseph Leiter, who is at the head of the December wheat deal, he said he expected to pay cash for all the wheat delivered to him and ship it out of Chicago.

"How much wheat do I expect to get? That is getting a little too exact. The elevator people say that I will get all the wheat I have bought. If I say how much cash wheat I expect to get, then everybody will know as well as I do about how much wheat I have bought."

"I will keep that to myself. My plan is to ship my property away. I did that in the Fall and it was successful. I can get a great deal cheaper storage rate at Buffalo or at New York or at Boston than I can here. Most of it will go out. That has been settled."

"Corner talk is ridiculous. There is not any corner; a corner has never been contemplated; there won't be any."

Armour Has His Say.

Mr. Armour was asked as to his views on the situation and dictated the following: "I think there is excellent value in wheat. I believe it will all be wanted in the end. Values at the moment here in Chicago are perhaps a little fictitious, but they will all regulate themselves in time. The consumer undoubtedly will buy this wheat, and he will undoubtedly buy it at a higher price than the present price. I have no direct interest in wheat. As a warehouse man and merchant I am bringing wheat here because this at the present time is the highest market in the world, and I have been able to bring wheat here at the margin offered from all these Western points. But I do not think there is a great deal more to come. In fact, the time is not very long ago when there was a good deal in transit by rail. Most of the wheat by vessel has been received here. I do not expect to see much more brought here by water."

Long Campaign Possible.

There is still much speculation as to how much wheat will be loaded upon Leiter and his associates. There is an idea that Leiter has 8,000,000 bushels bought, and if these figures are realized there will be still left stores to the extent of 2,000,000 bushels to help pay toward the campaign expenses. Leiter has unquestionably forced some settlements already. It is said that Armour will deliver almost 4,000,000 bushels, and Seaverns and Wear and the other elevator people will probably contribute 2,000,000 bushels. But there is enough in transit now and in process of being loaded to make good receipts practically to the end of the month. The delivery of the cash wheat on the December contracts may end the campaign and it may not. Leiter may ship his wheat to sell it, and take his loss or his profits, as it turns out. But the shiping of so large a line of wheat would be pretty certain to bull the January and the May futures, and Leiter may turn up as a holder of those months. That is the plan the pit expects in case the wheat stock is moved away.

JUDGE MARRIES ORATOR.

William W. Penfield, a Bronx Magistrate, Wedded to Fluent Mrs. E. Jean Nelson, of Indiana.

Greencastle, Ind., Dec. 16.—A number of Eastern guests attended the wedding here of Miss E. Jean Nelson, daughter of the late E. P. Nelson, and one of the most widely known young women of Indiana, to Judge William W. Penfield, of New York City. The ceremony was performed by Rev. E. A. Fish.

Miss Nelson in 1892 won the Inter-State oratorical contest at Minneapolis over all competitors in the Interstate Association, being at that time a representative of De Pauw University. She is also a member of the Western Writers' Association and is a member of the Kappa Kappa Gamma Society.

The groom is prominent in political circles in New York and was recently elected Judge of the First Judicial District of the Borough of Bronx. Mr. and Mrs. Penfield left for the South and will be at home January 8 at New York City.
